

CONTENTS

Exploring the Possibility of Semi-Automated Quality Evaluation of Spatial Datasets in Spatial Data Infrastructure Amin Mobasheri	1
Performance Analysis of a Reconfigurable Shared Memory Multiprocessor System for Embedded Applications Darcy Cook & Ken Ferens	15
Question Classification Using Extreme Learning Machine on Semantic Features Hardy & Yu-N Cheah	36
Improved Performance of Mean Greedy Algorithm for Chunk Allocation in SC-FDMA Uplink Systems using Joint-User and Chunk-Based Allocation Arfianto Fahmi, Muhamad Asvial & Dadang Gunawan	59
FTR: Performance-Aware and Energy-Efficient Communication Protocol for Integrating Sensor Networks into the Internet Sinung Suakanto, Suhono H. Supangkat, Suhardi & Roberd Saragih	82
