3Bio: Journal of Biological Science, Technology and Management is a peer-refereed journal which is published twice a year. It is an interdisciplinary journal with its core in basic and applied life sciences and aims to address sustainability issues.

AIMS AND SCOPE

Journal of Biological Science, Technology and Management (3BIO) is the official journal of the School of Life Sciences and Technology, Institut Teknologi Bandung, Indonesia. 3BIO is an open access journal and published by ITB Journal. It is an interdisciplinary peer-reviewed journal in a wide aspect related to the field of life sciences and other related fields of study. The journal aims to promote scientific discourse and disseminate research on various branches and applications of bio-science, biotechnology and bio-based management.

This journal invites original empirical research, literature reviews, theoretical or methodological contributions, or short communications on, but not limited to, the following topics:

- Ecology and Biosystematics
- Microbiology
- Genetics and Molecular Biology
- Animal Development and Physiology
- Plant Development and Physiology
- Entomology
- Biomedical science
- Biochemistry
- Agronomy
- Forestry
- Bioengineering
- Bioethics
- Management of Biological Resources.

The journal also invites contributions from other associated disciplines.

ITB Journal (formerly Proceedings ITB), the official ITB scientific journal, has been published since 1961. It serves a vehicle for ITB's Faculty members and contributors from outside of ITB to publish research findings in science, technology and fine arts.
