|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>Effect of Shot Peening Parameters on PLA Parts Manufactured with Fused Deposition Modeling</b><br>Herianto Herianto, Hasan Mastriswadi, Andri Nasution & Sarah Iftin Atsani                                                                                                | 513 |
| <b>Microplastic Removal from Road Stormwater Runoff using Lab-scale Bioretention Cell</b><br>Fathiya Mufidah & Prayatni Soewondo                                                                                                                                              | 524 |
| <b>Structural Analysis and Service Life Prediction of Rubberized Thin Surfacing Hot Mix Asphalt</b><br>Sebastianus Kristianto Nugroho, Ary Setyawan & Arif Budiarto                                                                                                           | 538 |
| <b>A Comparative Study of Solid-State and Co-precipitation Methods for Synthesis of NMC622 Cathode Material from Spent Nickel Catalyst</b><br>Endah Retno Dyartanti, Tika Paramitha, Arif Jumari, Agus Purwanto, Adrian Nur, Anatta Wahyu Budiman & Shofirul Sholikhatun Nisa | 548 |
| <b>The Risk of Failure Assessment in Bina Marga Standard Designed Prestressed Concrete Girder Bridges under B-WIM Load Measurement</b><br>Widi Nugraha, Indra Djati Sidi, Made Suarjana & Ediansjah Zulkifli                                                                  | 558 |
| <b>Influence of Opening and Boundary Conditions on the Behavior of Concrete Hollow Block Walls: Experimental Results</b><br>Kabiru A. Musa, Badorul Hisham Abu Bakar & Ufuoma Joseph Udi                                                                                      | 569 |
| <b>The Effect of Coconut Powder on Asphalt Binder Performance under Laboratory Conditions</b><br>Rana Yousif, Sady Tayh & Abbas F. Jasim                                                                                                                                      | 577 |
| <b>Feature Extraction Evaluation of Various Machine Learning Methods for Finger Movement Classification using Double Myo Armband</b><br>Khairul Anam, Harun Ismail, Faruq Sandi Hanggara, Cries Avian, Safri Nahela & Muchamad Arif Hana Sasono                               | 587 |
| <b>Evaluation of Drainage System of Light Rapid Transport (LRT) Depo – Kelapa Gading – Jakarta City</b><br>Joko Nugroho, Mohammad Bagus Adityawan, Ana Nurganah Chaidar & Yadi Suryadi                                                                                        | 600 |
| <b>Thermodynamic Study on Decarbonization of Combined Cycle Power Plant</b><br>Azaria Haykal Ahmad, Prihadi Setyo Darmanto & Firman Bagja Juangsa                                                                                                                             | 613 |
